SPIRITUAL PARTNERSHIP

The Journey to Authentic Power

by Gary Zukav

A great transformation is reshaping human experience. A new and surprising world is emerging. We are evolving beyond the limits of our five senses and encountering more expanded experiences of ourselves and our world than were previously possible. Where once our perception was confined to what we see, hear, taste, touch and smell, we are now becoming increasingly able to access data that these senses cannot detect, and this expanded perception is forever altering our experiences of ourselves and our world. While some may not be conscious of this major evolutionary moment, it presents each of us with a profound and vital choice: We can pretend that our lives and the world are not changing and continue to relate to each other as before. Or we can seize the opportunity.

Human relationships used to be built around satisfying needs. In **SPIRITUAL PARTNERSHIP** (HarperOne: April 27, 2010) , bestselling author Gary Zukav writes “the old type of relationship helped the old humanity survive by focusing the attention of participants outward onto circumstances and people in order to change them. The new type of relationship enables us to grow spiritually by focusing the attention of partners inward onto the interior causes of their painful and joyful experiences.”

Zukav reveals a profound new relationship dynamic which enables us to reach our full potential and create authentic power—the fulfilling and joyful life that is calling to us all. Spiritual

partnerships are not only for couples in marriage or relationships; they can be created anywhere two or more individuals decide to engage as equals for the purpose of spiritual development.

Filled with poignant examples and practical guidance, including specific guidelines, **SPIRITUAL PARTNERSHIP** empowers and enables us to explore our emotions, our intentions, our choices, and our intuition and to use them to create profound spiritual growth. The world is changing around us and within us, and **SPIRITUAL PARTNERSHIP** is the roadmap to that change.
