

# Authentic Power Program

October 2010 –September 2011

**The Authentic Power Program is the most transformative, in-depth, and comprehensive program for learning to create authentic power on the planet.** It is a three-year exploration and experience of learning how to create authentic power in close interaction with others, including Gary Zukav and Linda Francis.

The **Authentic Power Program** is designed specifically for those who are committed to creating authentic power. **Authentic power is the experience of fulfillment, joy, creativity, and full engagement in the present moment.** It is the experience of having exactly what you need, knowing that your life has purpose, and knowing that everything you do serves that purpose. It is also the experience of joyfully accepting yourself and others, creating with an empowered heart, and freedom from attachment to the outcome. Joy, creativity, and gratitude fill your awareness, even when your experiences are difficult or painful, and you strive to create harmony, cooperation, sharing, and reverence for Life—the intentions of your soul—as naturally as you strive toward water when you are thirsty and food when you are hungry.

The **Authentic Power Program** is experiential and a big part of it is practice within a community of spiritual partners, which gives you the ability to apply at home what you learn in the program. **The Authentic Power Program is a microcosm of your life in which you learn to use your experiences, including your emotions, to grow spiritually.** As you develop the ability to see your experiences differently in the program, you also begin to see your experiences at home, at work, in school, with your children, your parents, and your neighbors differently.

You will learn with the support of others who are also committed to creating authentic power how to use your emotions to grow spiritually, consciously choose your intentions and what they create, recognize and access your intuition, and develop trust in the compassion and wisdom of the Universe. This three-year **Authentic Power Program** is a portal into a community of people striving to become spiritual partners, people who are transforming their lives from the pursuit of external power (the ability to manipulate and control) to the creation of authentic power (the alignment of the personality with the soul). Creating authentic power is essential for everyone who is interested in, or actively working toward, creating a planet without conflict.

***The Authentic Power Program will help you make the journey from your head to your heart—from an experiencer of your life to an experimenter in your life, from a victim of your experiences to a creator of your experiences.***
